Have No Appointment.

New York, July 10.—Theodow Roosevelt and William Loeb, Jr., have no appointment for a conference on the gubernatorial situation, nor have Mr. Loeb and Governor Hughes an appointment for such a conference. Colonel Roosevelt at Sagamore Hill tonight declined to comment on the probability of Mr. Loeb being a candidate for the Republican nomination for Governor.

"I have nothing to say," said he with firmness, "And I have no appointment to see Mr. Loeb in the near future. We had luncheon together last Wednesday."

Mr. Loeb is authority for the statement that he has no appointment to see Governor Hughes, although the Governor will be in town to-morrow, en route to Oyster Bay. Mr. Loeb was seen to-night after his arrival from Beverly. He did not deny that the possibility of his appearance as a candidate for Governor of New York State was on the cards, but he dismissed it with a smile.

Washington Ward May Be Connected With Richmond Settling Basin.

Committee on Water met last night in consultation with SuperIntendent Eugene E. Davis to consider the needs of the recently annexed Washington Ward as to water supply. The Finance Committee recently tabled a request the Board of Fire Commissioner for money for a new fire engine for South Richmond, on the ground that water mains and tank of the

South Richmond, on the ground that the water mains and tank of the former city or Manchester are entirely inadequate; that the present mains could not supply more than one engine, and that in the event of any extensive fire, with engines from the north side of the river pumping, the tank would soon be pumped dry.

Mr. Davis presented blueprints and plans for several large distributing mains in the principal streets. He also submitted to the committee two alternate propositions—one for the installation of new pumping machinery at the old Manchester pumphouse, at an approximate cost of \$35,000, with a cost of \$5,000 a year for maintenance, and a tentative plan for a large water main from the Richmond reservoirs to connect with the 'present South Richmond mains, thus insuring an adequate supply at all times.

Such a main laid on the bed of the river and across Belle Isle, he estimated, would cost \$60,000, but would have practically no annual cost for maintenance, and when the new electric pumps are in operation the city will have ample water to meet all demands. While no final action was taken, members of the subcommittee expressed the view that it would be poor economy to save \$25,000 by installing the pumps on the southern side of the river, only to add an annual fixed charge for operation of \$5,600. As an additional item it was argued that by drawing water from the Richmond reservoirs, cleared at the Richmond reservoirs cleared at the Richmond reservoirs of the Manchester works up the river above the mouth of several large sewers soon to be constructed in the West End.

Judge Scott to Deliver Opinion in Regard to Westhampton Precinct.

Whether or not Henrico county will have a Westhampton precinct, which will be taken from Cary and Ridge Church Precincts, will be decided by Judge Scott, of the Henrico Circuit Court, to-day at 10 o'clock. The case was argued yesterday morning, and it was shown that a large number of citizen of the county, all of whom live in the Westhampton district, who have formed the Westhampton Citizens' Association, desire the new precinct. The proposed new precinct will take in the Westhampton settlement and little else. Even with that small territory it is thought that the voting strength will be greater than in some of the other precincts of the county. The district is very thickly settled, and almost all of the citizens are voters.

The plan to have the new precinct formed is being opposed by residents of Ridge Church and Cary Precincts because they claim that the new district will take away a great deal of their voting strength.

Judge Scott as the matter under advisoment and will announce his decision to-day.

Citizens of Highland Park Hold Town & Meeting With Large Attendance.

The regular meeting of the Highland Park Citizens' Association was held in the town hall last night. J. A. Devine presided and Charles A. Rose acted as secretary. There was a large attendance, including several members of the newly elected Town Council. There was a general discussion of the problem of a more adequate water supply and of the plan for issuing bonds for defraying the expenses of laying mains and erecting a water tank. A number of citizens took active part in the discussion.

BOLD SPECULATOR FALLS

He is New in Jail Charged With Embezzlement.

Louisville, Ky, July 11.—Speculation in stocks is alleged to have been the cause of the arrest fo-day of August Ropke, bookkeeper and assistant secretary of the Fidelity Trust Company, on the charge of embezzlement. Although it is charged in the warrant that Ropke is short \$6,000, President Barr, of the Fidelity Company, says that the experts are still at work on Ropke's books, and that the full amount of the shortage will be made known later. Ropke, in default of \$25,000 ball, was sent to Jail. Ropke was regarded as the boldest speculator Louisville has known in many years. It was currently reported among brokers that he won \$200,000 last year during the recent slump in securities.

Ropke has been in the employment of the Fidelity Trust Company for eighteen years.

MANY DEATHS IN NEW YORK

Intense Heat Continues and Twelve Victims Succumb.

New York, July 11.—The blanket of steam in which the clty has parbolled for the last week lifted mercifully for a few hours this afterson, under the pressure of faint airs from the sea, but the slight drop in the thermometer was not sufficient to affect the continuing drain on lowered vitality, and there were more deaths to-day than yesterday—twelve against ten—and a longer string of prostrations. The lightnum official temperature was 55 to-day, against 22 yesterday.

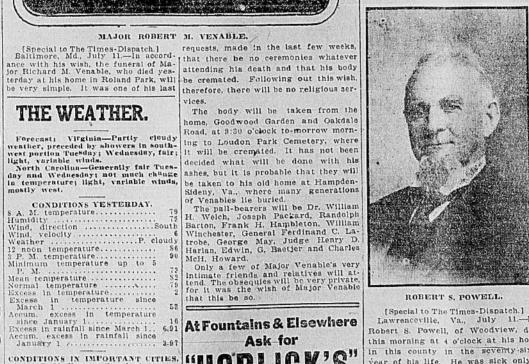

Chicago, Ill., July 11.—Two more deaths were added to-day to the list of heat fatalities here. Edward H. Hovey, president of a furnace company, was stricken Saturday and died to-day, and George Shell, a laborer, also died from heat prostration.

WINGFIELD—Died, at his home, at Warren, Va., June 27, 1910, at 3 o'clock P. M., DR. CHARLES LEWIS WINGFIELD, son of Rev. Charles Wingfield and Caryann Wingfield. He was born at 'Woodland,' Green Mountain, Albemarie county, Va., September, 1825. Educated in the best private schools of his day, in Albemarie county and the city of Lynchburg; after finishing his education in these schools, he read medicine under Dr. Henry Latham, in Lynchburg, father of the late Dr. Graham Lutham, who was his fellow-student at both school and college. Dr. Wingfield attended the University of Pennsylvania, in Philadelphia, where he graduated in medicine in one session. For the first two years after receiving his degree he practiced in Richmond, Va., and at the request of relatives and friends, he left Richmond in 1850 and settied in Warren, Albemarle county, only eight miles from his boyhood home, where he continued the practice of his profession until two years ago, when the infirmities of old age compelled him to give it up. He was married on March 8, 1854, to his cousin, Virginia Wingfield and Charles Wingfield, of Richmond, who survives him.
